# Reconstruction of the Church Building in Palowice

As a result of a fire that occurred on January 29, 2026, the roof of the Brethren Church in Palowice was completely destroyed. The walls of the building were also damaged, and the electrical, heating, and air-conditioning systems, as well as part of the interior furnishings, were destroyed. According to preliminary findings of the fire services, the cause of the incident was damage to electrical wiring—most likely due to rodent activity—which led to the outbreak of the fire.

The Brethren Church in Palowice has functioned continuously as a local congregation since the 1980s. The services were regularly attended by members of the congregation, as well as numerous guests and supporters. We met not only during Sunday services, but also at weekday meetings and other events such as summer and winter camps, day camps, picnics, and Christian conferences. The church building was a place for teaching the Word of God, evangelism, shared worship of the Lord Jesus Christ, and mutual help and support—not only spiritual in nature. It was also a space for many inter-congregational Christian initiatives.

At present, we have permanently lost the ability to use the building. Due to damage to its structure, it is uncertain whether a standard reconstruction will be possible. Most likely, a change in the building's structural design will be required, with only partial use of the existing foundations. At this time, we are seeking a place where church members could meet until the rebuilding is completed.

We desire to rebuild what has been destroyed so that the testimony of the goodness of the Lord Jesus may not be extinguished. This is what we pray for, and this is also what we ask of all people who have experienced God's grace.

## How you can help:

- support us with prayer
- donate any amount
- share this information with others

## Donations may be made:

### 1) By bank transfer :

Brethren Church in Palowice – bank account number:

USD: PL71102024720000600206385696
